

Dr Anna W. Dzik

Attorney-at-law

Managing Partner, WeLAW Marbella

PhD in Law | LL.M. in International & European
Business Law (Munich) | MBA (Geneva)

A structured legal and strategic advisory approach for international clients involved in cross-border property acquisitions. The focus is on clarity, early-stage structure and informed decision-making before commitments are made.

ADVISORY FOCUS

- Independent legal and strategic perspective
 - Early involvement before commitments are made
 - Structured guidance throughout complex transactions
 - Personal oversight of each mandate

ACADEMIC & INTERNATIONAL BACKGROUND

PhD in Law, University of Warsaw
LL.M. in International & European Business Law, LMU Munich
MBA, Swiss School of Business and Management, Geneva

Legal education across multiple European jurisdictions, with additional exposure to U.S. legal frameworks (University of Florida, Levin College of Law).

This academic background combines legal research, international business law, and strategic decision-making, providing a structured and analytical approach to complex transactions.

LEGAL QUALIFICATIONS

Attorney-at-law registered with the Warsaw Bar Association

Attorney-at-law / European Lawyer registered with the Munich Bar Association

INTERNATIONAL CONTEXT

Fluent in English, German, Polish, and Spanish.

Supports international clients across jurisdictions with different legal systems and expectations.

CROSS-BORDER LEGAL EXPERIENCE

Professional experience gained within leading international law firms, including Taylor Wessing and Baker McKenzie, across Munich and Warsaw.

Work on cross-border legal matters and international transactions has provided a practical understanding of how legal frameworks interact across jurisdictions.

ADVISORY APPROACH

- Early-stage involvement before commitments
- Focus on structure and informed decision-making
- Independent legal and strategic perspective
- Clarity in complex and high-value transactions
- Personal oversight throughout each mandate

PROFILE SUMMARY

This combined background enables a structured and closely guided approach to each transaction, ensuring that every decision is made with clarity and full awareness of its implications.
